## Survey of IATI Legal & Accounting Committee

Israel's Association of Tech Industries (IATI) published a survey that was conducted among the lawyers and accountants committee of IATI, the leaders in the high-tech sector in Israel, the members of the lawyers and accountants committee of IATI.

For the first time, the survey reveals current factual data, referring to the first quarter of 2023 regarding the place of incorporation of Israeli start-ups. As part of the survey, the ministries were asked to detail comparative data regarding the first quarter of 2023 compared to the entire year 2022, regarding new start-ups established during this period and the decision of those startups regarding their place of incorporation.

The survey was conducted among the leading law firms in the field.

## IATI Committees & Forums Quarterly Meetings:

### **IATI MNC Forum**

IATI's Multinational Companies (MNC) CEOs' Forum convened this week for its quarterly meeting at Apple's offices in Herzliya.

Together we addressed the positioning of global companies in Israel and their contribution to the technology industry and the Israeli economy, and the current challenges facing the industry due to the global and local economic slowdown.

As part of the Meeting, we hosted Sharon Shulman, the CEO of EY, to speak about the taxation on MNCs. We where also enlightened by Dadi Perlmutter, who spoke about human capital challenges in high-tech We would like to thank Apple Herzliya and Roni Friedman for hosting the meeting.

IATI Legal & Accounting Committee

The IATI Legal & Accounting Committee gathered quarterly meeting, Led by Dan Shamgar of Meitar, this committee incorporates the managing partners of the high-tech departments at the leading law and accounting firms in Israel.

The Committee addresses and promotes legal and financial matters of common interest to the industry, such as creating model legal documents for use by start-ups, providing English translation of common legal forms, illuminating the industry's interests to public authorities such as the Patent Registrar, Companies Registrar, the Israel Tax Authority etc., and providing enrichment programs for entrepreneurs.

On the Committee's quarterly meeting We started with Opening remarks and updates from Dan Shamgar & Karin Mayer Rubinstein, followed by updates from teams of the Israel Tax Authority and the Israel Innovation Authority, and concluded with Eran Yaakov, Director of the Israel Tax Authority, with a review.

We would like to thank the firm, Naschitz, Brandes, Amir & Co. for hosting the meeting.

### IATI HR Global Work Group

The IATI HR Global Companies Work Group that incorporates the VP HR of global companies, gathered for the quarterly meeting at Microsoft, IATI members.

As part of the meeting, we delved into a wide range of topics related to the current challenges in the industry through stimulating lectures and lively discussions at a round table.

The Forum included: A Lecture on intercultural differences in managing downline relationships in global companies: This enlightening lecture delved into the fascinating topic of intercultural differences and their impact on managing relationships within global companies.

A presentation of survey findings - work from home/office of the IATI HR Global Companies Work Group: The Meeting featured an insightful presentation unveiling the survey findings of the IATI HR VPs working group. The focus was on exploring the dynamics and challenges of remote work and office-based work.

We would like to thank all the members of the IATI HR global companies Work Group who participated in the meeting.

We would like to thank Microsoft Israel R&D Center for hosting this meeting.
