IATI Israel's Life Science Annual Industry Report Update - H1 2023 Highlights

Connecting Israel's Tech Ecosystem

We are pleased to publish IATI H1 Update – Israel's Life Science Industry Report, The Report focuses on the capital raising of life sciences companies in Israel and presents interim data for 2023 in preparation for the publication of a comprehensive Report during the month of November 2023 at [MIXiii Health-Tech.IL](https://mixiii.health-tech.il).

This update indicates a decrease in investments in life sciences companies in Israel; In the first six months of 2023, in which approximately 1.4 billion dollars were invested, a decrease of 40% compared to the corresponding period in 2022; About half a billion dollars were raised by Israeli companies on the US stock exchanges, twice as much as in 2022 as a whole; an increase in the average amount per transaction as well.

Results of the IATI survey on the establishment of new startups in the first half of 2023

We published a Survey that was conducted among IATI Legal & Accounting Committee, which includes the leading commercial firms in Israel.

As part of the Survey, we collected comparative data in relation to the first half of the year 2023 compared to the year 2022 regarding new startups established during this period. Also, the firms were asked to indicate the active turnaround processes they handled in the first half of 2023.

We thank all the offices that responded to the Survey, including: Erdinst Ben-Nathan Telodno, Gornicki, Hirsch-Felk, Herzog Fuchs Naaman, Lipa Meir, Sullivan, Mitar, Nashitz, Fahn Cana, Brands Amir, Sh. Horowitz, Shibulet, Naomi Asia, Arnon Tadmor-Levi and more.
Many thanks to Dan Shamgar, leader of IATI Legal & Accounting Committee.

IATI Foreign Ambassadors Forum (IATI FAF) Quarterly Meeting

IATI Foreign Ambassadors
Forum (IATI FAF)

Connecting innovation around the world

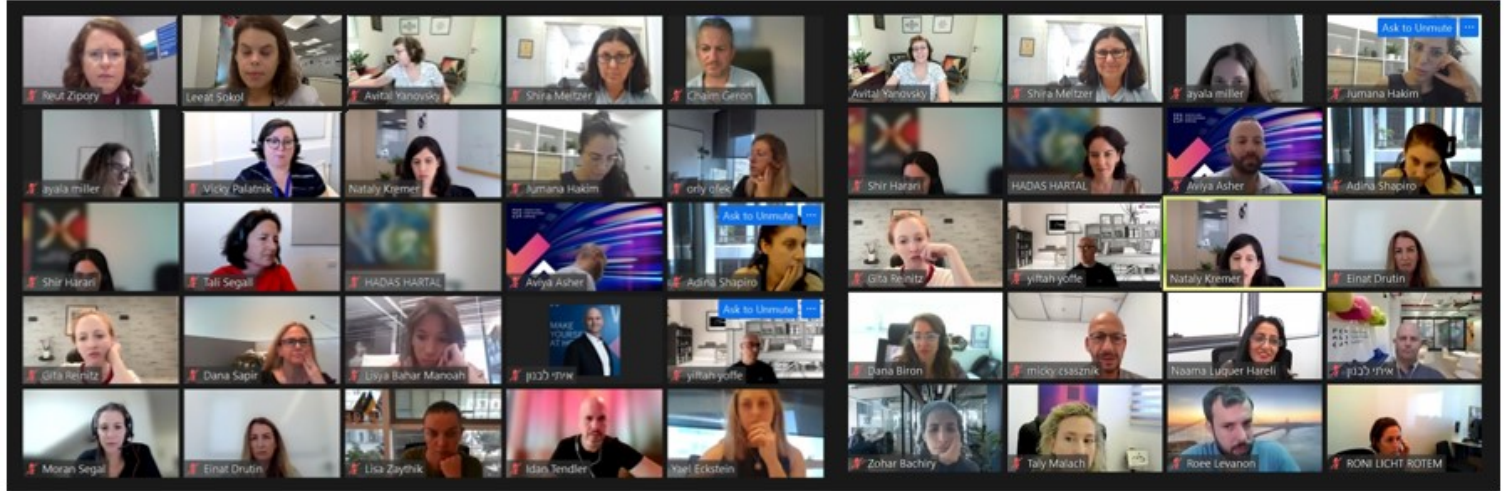

Our IATI Foreign Ambassadors Forum in Israel (IATI FAF), held its quarterly meeting at Tel Aviv Sourasky Medical Center. Over 50 Ambassadors and economic attaches participated in the forum meeting.

we would like to thank Prof. Ronni Gamzu for hosting us in the iMed, and for the tour at the innovative Ichilov E.R. and to Dr. Yossi Vardi for the inspirational talk on the Israeli tech ecosystem.

IATI works to build bridges and continues to promote innovation and growth in the technological industries in Israel through initiatives such as the Foreign Ambassadors' Forum (IATI FAF).

IATI Diversity & Inclusion Committee Meeting Quarterly Meeting

IATI Diversity & Inclusion Committee meeting. The meeting dealt with the committee's vision, initiatives to improve and promote diversity in employment that were brought up by committee members, updates on the committee's projects, and more.

The meeting was attended by over 50 senior managers and executives of the leading companies in the high-tech industry and diversity and inclusion bodies that promote occupational diversity.

In addition, at the meeting we hosted the Director of Human Capital at the Innovation Authority and the Senior Director of Development, Innovation and Hi-Tech in the Labor Department who presented government programs and activities in the field of diversity & inclusion in employment.

OECD releases Pillar Two model rules for domestic implementation of 15% global minimum tax

Following a meeting we convened with the government (Budget Division, State Revenue Manager and the Innovation Authority) & the IATI MNC Forum meeting, on the subject of the OECD's reform of international taxation (Pillar 2)

pillar 2: one of the pillars of the international tax reform, establishes a minimum global corporate tax of 15%, which will apply to international groups with a revenue turnover of at least 750 million euros.

We held an intensive Zoom meeting with the participation of approximately 60 Global companies, IATI members, to evaluate potential solution to deal best with this reform.
